

Full Proposal - Basic Biology

Contacts

Before proceeding, use the [Manage Applicants](#) tool located on the upper right side to add one or more individuals that should have access to this or any other forms/reports that you may be asked to submit.

Principal Investigators

Contacts submitted in the LOI phase are shown below

This funding call is structured as a consortium. You are required to identify two to four independent labs to participate in the project you propose. Principal Investigators who have two or more active competitive grants from Target ALS are not eligible to apply.

Prefix	First name	Last name	Email	Office address	Contact's Institution
--------	------------	-----------	-------	----------------	-----------------------

Fellows

Add a Fellow for each participating lab. This person should dedicate at least 75% of their time to this project.

First name	Last name	Email address	Contact's Institution
------------	-----------	---------------	-----------------------

Research Proposal

Project title *

Request amount *

Public-facing Summary *

Please provide a plain-language, non-confidential summary of your project.<p>This information will be shared public and should be easily understood by non-scientists.</p>

Length: The total length of the Research Proposal may not exceed 10 pages or 2 pages per participating lab, whichever is shorter, in Arial 11-point font (not including the Literature Cited section). All Research Proposals must begin with an overview of the goals and an executive summary.

Required sections:

- Executive Summary
- Biological Rationale
- Research Plan
- Statement of relevance to understanding the fundamental biology of genetic and sporadic forms of ALS
- Description of the specific contributions of participating lab
- Literature Cited

Full Research Proposal *

Project Aims

Describe at least two, but no more than five, specific project aims.

Aim 1

Title *

Description *

Include a list of deliverables with anticipated completion timeframes and estimated costs for each deliverable.

Aim 2

Title *

Description *

Include a list of deliverables with anticipated completion timeframes and estimated costs for each deliverable.

Aim 3

Title

Description

Include a list of deliverables with anticipated completion timeframes and estimated costs for each deliverable.

Aim 4

Title

Description

Include a list of deliverables with anticipated completion timeframes and estimated costs for each deliverable.

Aim 5

Title

Description

Data / IP Agreement

Data / Intellectual Property Sharing Agreements

All collaborators must provide a copy of the executed agreement between their institutions on data/IP sharing OR provide a document that confirms each Technology Ttransfer Office has been made aware of the collaborative project and the need to sign a data/IP sharing agreement as part of the full proposal submission.

A fully executed data/IP sharing agreement must be shared within 60 days of notification of award or the grant will be rescinded.

Data / Intellectual Property Agreements

Budget

Submit a 2-year budget using the [Application Budget template](#). Click the link to download the template, then upload the completed document below.

Funding limits:

- You may request up to \$130,000 per lab, per year.
- The total requested amount across all labs cannot exceed \$500,000 per year.
- A Principal Investigator may devote up to 10% of their time to the project.
- A Principal Investigator cannot charge more than \$25,000 in base salary per year.
- The Project Leader (one per consortium) may request an additional \$10,000 per year to cover the costs of administrative oversight for the consortium, compilation and submission of required progress reports, and planning/conducting meetings of the consortium.
- Each lab must designate a fellow that will dedicate at least 75% of their time to the project. The related salary and fringe benefits can be covered by this grant.

Allowable costs:

- Personnel salary and fringe benefits
- Consultant costs
- Equipment - Costs should be itemized. Please provide quotes for any equipment costs greater than \$10,000.
- Supplies - Costs should be grouped by category. Costs may include project-related research materials, such as antibodies, reagents, lab supplies, computation costs, animal costs etc.
- Other Expenses - Costs should be itemized. Up to 15% of research-related costs can be requested to fund direct project administrative costs, such as lab space rent.

Unallowable costs:

- Indirect costs, also known as facilities and administrative costs or overhead.
- Publication costs
- Travel costs - Target ALS will reimburse travel costs to the Target ALS Annual Meeting separately, outside of the grant.
